**Message from the Headmaster**

Dear Parents and Students,

As I reflect on this Term, which is my 16th year at St Peter's College, I acknowledge what an outstanding institution I am so privileged to be part of. St Peter's College is most certainly a very different school to when I started on 1 January 2003, and I am often astounded how rapidly we have grown and progressed.

As we enter our 20<sup>th</sup> year of existence it is important to acknowledge our founding fathers, because without their vision and passion at the time, we would not be here today. St Peter's College was an initiative of the St Peter's Preparatory School parents and members of council, who had a vision to establish an Anglican, modern, co-educational, diverse, inclusive school which is truly representative of the "New South Africa" and which embraces the wonderful ethos and values of our preparatory school.

I refer to our Mission Statement which was written 20 years ago, and as we strive for continued excellence and improvement in the academic, cultural, sport and pastoral spheres, we never divert from our Mission Statement and our core values of Relationships, Respect, Responsibility and Resilience.

*St Peter's College is a co-educational independent day school espousing Christian values and providing a balanced, caring, varied and modern environment. The aim of the College is to ensure that individual potential is achieved through exposure to a wide range of excellent academic, sporting, creative, cultural, community and entrepreneurial activities based on international standards. Our goal is to create and maintain an environment where trust and respect for the individual prevails, where diversity is valued, and where individual responsibility is fostered within the context of teamwork. The unique contribution of each learner, staff member and parent is valued within an environment of opportunity, thereby providing the inspiration necessary to equip our students with the knowledge, skills and confidence required to succeed in the 21st Century.*

## Sports Bras

The school shop stocks sports bra. Visit the shop to view the range.

Why is it so important to wear a sports bra?

In addition to comfortable shoes and fashionable activewear, you should always wear a well-fitting sports bra.

Exercising sets the breasts in motion, however, nature did not design our chest for these extreme movements.

To avoid back, shoulder and neck pain and over stretching of the sensitive connective tissue, you should always wear a special sports bra during exercise.

During sports such as, hockey, netball and other high impact sports, your breasts are under extreme strain: your bust moves up and down about nine centimetres per step.

These undesired bust movements are reduced by up to 78% through wearing a well fitting sports bra.

We have the ideal sports bras in modern designs for any activity, perfectly tailored to the needs of the female body

## Student Affairs News

### Grade 8 Orientation

The grade 8 year began with an orientation programme designed to allow the grade 8's an opportunity to integrate into College life. They were exposed to an array of activities ranging from sports, to culture and fun activities such as treasure hunts. The grade 8's reported that they had enjoyed the activities and have transitioned into high school with confidence. The prefect body was used to oversee the programme.

### Camps

From 24<sup>th</sup> of January to the 26<sup>th</sup> of January Grade 8,9 and 11's went away on grade camps. Grade 8's went to Klein Kariba for their orientation camp, the Grade 9's went to Mountain Sanctuary Park and the focus of the camp was preparation for the Grade 10 camp. The grade 9's focus on hard and soft skills that will be needed the following year. The Grade 11's went to Camp Discovery, a camp that has activities that look at leadership identification and development. The Grade 12's remained at school and went through leadership and mentorship programmes. As the seniors of the school it is important that every grade 12 is given the opportunity to enhance their leadership skills. They also need to undergo a workshop on mentorship to better prepare them for the mentorship programme.

### Mentorship Programme

The grade 8 students were assigned to grade 12 students to mentor and buddy them through term 1 and term 2. An introductory coffee and muffin morning was held to ensure that the first official meeting between the grade 8's and 12's went off smoothly. Since the introduction the grade 12's and grade 8's has participated in a treasure hunt together and the grade 8's was part of the handing out of matric dance invitations.

### College Build Project

Last year students assisted Kwasa College by building a school hall. The building is almost complete and is at the roof stage. Final payments are being made for the hall.

The student build committee has been finalized and students have launched the build projects with the school. The decision was taken to build houses with Habitat for Humanity as we believe that we have exhausted our donations to Kwasa College and will review this in a years' time. Each house will take around R100 000 to build and building will take place in Orange Farm. Habitat for Humanity provide all support and tools needed for the build. We are hoping for another successful year of raising funds for a good cause.

*Mrs Howard*

*Deputy Headmaster: Student Affairs*

### Eco Pets

The Eco-Pets and Grade 10s would like to thank the school for their active participation in the Barefoot Day. It was both a fun and a challenging experience being barefoot for the day. We collected 620 pairs of shoes, for which we are very grateful for the generosity of the school community. These shoes will be taken on the Grade 10 camp and distributed to the community that will be hosting our Community Service in the Drakensberg. Thank you once again for your donations.  
*Kaitlin Elliott (Grade 10)*

### Dale Carnegie Graduation

Congratulations to all the Dale Carnegie graduates. The following students successfully completed the 2018 Dale Carnegie programme. Nicole Diepeveen, Nicholas André, Els; Phawu Mbuli, Lungelo Tshiamo Masisi, Benjamin Rupert Borchers, Emma Girdlestone, April Raé Niemack, Thil Kinyua, Ezra Vergotine, Aphelele Sono, Nandi Mkhize, Sabrina Lenci and Matthew Vermaak.

### Course Overview

This course prepares young people for the real world by giving them the skills they need to reach their goals and live up to their full potential in all aspects of their life. Dale Carnegie for Young Adults is designed to prepare young people for the here and now. It provides skills they need to set and achieve goals, and perform to their full potential – at school, home, and work. The curriculum was developed with feedback from students and consists of eight, three-hour, highly interactive sessions that include real-life scenarios and role-playing.

### What You'll Learn

This course focuses on five key areas critical for future success -- Building Self Confidence, Enhancing Communication Skills, Interpersonal Skill Development, Teamwork and Leadership Skills, and Effective Attitude Management. Each area incorporates skills that are useful throughout life – inside and outside of work.

### Why you want to learn it

Today, the world is more complex, competitive and demanding than ever before. Young people often need to balance school, work and relationships while at the same time, planning for their future. Dale Carnegie for Young Adults helps teens become more confident and better able to cope with the pressure and stress that adolescents face.

### How it will help you

Graduates tell us that their new skills have made them increasingly focused on their goals. They feel they make better decisions when faced with difficult choices and confront problems and challenges more positively. And they believe they are more persuasive communicators, prepared them for applying to colleges or interviewing for jobs.

*Eudeshi Naidu*

*Head of Generation Next*

*Certified Dale Carnegie Facilitator*
