

GREECE CHALLENGER EXPEDITION

14 DAYS - AUGUST HOLIDAYS 2023

Dear St Peter's College Students & Parents,

You may have missed the parents presentation for the [GVI GREECE CHALLENGER](#) launch that will be taking place in the August holidays 2023. GVI was established in 1998 and operates award-winning International Internships and Service Learning programmes focused around global issues and framed around the UN's Sustainable Development Goals (SDGs).

We travelled to Thailand with GVI this year and you can see the students' [feedback video](#) here. As a school we are very excited about the opportunity this will give our students to do something really unique that will help make them stand out from the crowd. The service-learning experience will provide them with a wealth of new skills which they will find invaluable in school, at varsity, and in the world of work. These British-initiated programs have excellent safety, support, and management. They also comply with the President's Award Gold/Silver Residential Project that provides really worthwhile social project work too.

Tamin-Lee Mengel from GVI has put together a summarised version of the info session and you can watch this [recording](#) which talks about the trip's safety and backup and of course the [terms and conditions](#).

You can also find more information about this [GVI GREECE CHALLENGER](#) program and [APPLY](#) online by the **26th November 2022**. The cost is **R61 500** per person and is all inclusive with flights, accommodation, meals and all activities. There are [payment plan](#) options available.

If you have any questions please feel free to contact me or Tamin from GVI on the below contact details.

Tamin Mengel - education@gviworld.com

Kind Regards,

Sonja Theron
