

## AFTERCARE

Our aim is to create a home away from home environment for the children, while reinforcing and practising the St Peter's values focusing on important life skills and character development. The afternoon programme is designed to be informal yet stimulating with a variety of creative crafts and play on offer. Aftercare is run in our own secure and safe space at the Pre-Prep for both our Grade 000 and Grade 00 children. There will be an afternoon snack included.
